
Low-load behavior, without clipping
Measured train mean
Measured validation mean
Measured internal test mean
Original saved MLP
Selected seven-knot model
Training jackknife range (not CI)
Process-attributed power (W)
Recorded per-instance DL/UL objective (Mbps)
Declared interpolation domain
Measured train mean
Measured validation mean
Measured internal test mean
Constrained affine
Selected seven knots
22 knots
Original at measured loads
Process-attributed power (W)
Recorded per-instance DL/UL objective (Mbps)
